LUBRICANTS

STEELBIRD marks a significant milestone in its incredible journey spanning over 55 years with the launch of Steelbird Lubricants. With this, Steelbird is poised to take a big leap forward and soar higher in a limitless sky. It is the phenomenal achievements and spirit of the unified team at Steelbird that makes innovation possible and diversification the engine of growth.

Winsome market relations, rock-solid credibility, unmistakable quality standards over the years have made channel partners and associates committed to the brand. Steelbird Lubricants encompasses Engine Oil, Grease and Fork Oil, a venture that is meant to bring a new surge in brand equity and market position.

ENGINE OIL

Steelbird Engine Oil is classified into several variants ideally suited for different types of 2-wheelers. With strict compliance to globally accepted standards of lubricants, Steelbird Engine Oils are ideally suited for Indian conditions with the right blend of oil and additives to make every ride a pleasurable ride.

Steelbird

4T Engine Oil

SAE 20W-40 API SL
SAE 10W-30 API SL
JASO MA2

High performance universal engine oil for 4-stroke 2/3 wheelers. This oil is engineered & formulated with high quality of base stocks.

3 in 1 Universal oil for Engine, Clutch & Gears for 4-stroke Motorcycles, 2 & 3 wheelers.

Wear Protection Booster additive ensures:

- Maximum power output
- Smooth drivability
- Low engine maintenance cost
- Excellent wear protection at high temperatures and severe operating conditions
- Enhanced engine & gear life
- Higher fuel efficiency

Part No.: SBE024-10SL **1.0 L**

Part No.: SBE024-09SL **900ml**

Part No.: SBE013-10SL **1.0 L**

Part No.: SBE013-09SL **900ml**

Part No.: SBE013-08SL **800ml**

4T Engine Oil

**SAE 20W-40 API SM
JASO MA2**

High Performance - Semi Synthetic 4 stroke engine oil for new generation motorbikes.

Performance, power & life booster additive provides:

- Exceptional engine reliability
- Longer engine life
- Maximum power output.
- Excellent engine cleanliness
- Enhanced fuel economy
- Low oil consumption
- Extended oil drain potential up to 10000 kms.

Part No.: SBE024-10SM

1.0 L

Part No.: SBE024-09SM

900ml

4T Engine Oil

**SAE 15W-50 API SM
JASO MA2**

High Performance Semi Synthetic 4 stroke engine oil for heavy duty motorcycles. Specially designed & formulated for motorcycles above 150 cc.

Performance, power & life booster additive provides:

- Exceptional engine reliability
- Longer engine life
- Maximum power output.
- Excellent engine cleanliness
- Enhanced fuel economy
- Low oil consumption
- Extended oil drain potential up to 10000 kms.

Part No.: SBE0155-2.5SM

2.5 L

Steelbird

Grease AP3

Premium quality lithium base Genuine Grease, designed & manufactured with superior quality of base stocks and performance booster additives.

Application

MULTIPURPOSE GREASE No. 3 is suitable for all types of automotive applications.

Performance Level

- Meets IS 12203 1999 (RA 2004) requirements
- High performance with Noise free all round lubrication

Performance Benefits

- Excellent structural stability over wide range of operating temperatures
- Excellent low and high temperature properties
- Excellent rust & corrosion protection and resistance to oxidation

Part No.: SBG05-AP3 **500g**

Part No.: SBG02-AP3 **200g**

Part No.: SBG01-AP3 **100g**

Front Fork Oil

Front Fork Oil is superior shock absorber fluid with excellent viscosity temperature characteristics, oxidation stability and anti-foaming characteristics. Front Fork Oil is specially formulated to provide superior performance, excellent protection against oxidation, corrosion, foaming and wear in motorcycle front forks.

Smooth drive with less jerk on bumpy roads, excellent shock absorbing strength.

Performance Benefits

- Increases the life of shock absorber
- Excellent seal compatibility
- Excellent damping effect
- Excellent oxidation stability property
- Excellent high temperature performance
- Excellent wear protection
- Excellent low temperature characteristics

Part No.: SBFO-350 **350ml**

Part No.: SBFO-175 **175ml**

Part No.: SBFO-160 **160ml**
